## FOR IMMEDIATE RELEASE

### Roxamore Sports Network Media Press Release

The Roxamore Sports Network is bringing the best of the best in football, collegiate and professional, to help invigorate our youth for the first ever public combine open to boy and girl youth athletes. At the combine the youth will get a chance to get tips from the greats and build stat packages for their futures in post high school sports. Collegiate coaches will be in attendance to catch some of the action and possibly offer collegiate opportunities for those athletes who are rising seniors. Roxamore is excited to highlight our high school athlete's agility, speed and strength and provide them with Grade A coverage that can be used to get to the next level!

With support from the Pittsburgh Public superintendent, this event will take place at the George K Cupples Stadium, Pittsburgh PA. Also, in support of this event we have former NFL players volunteering to provide insight and understanding of techniques and skills needed to make it to the next level. This combine will be an avenue to measure the skill sets of each participant which could help them earn an athletic scholarship to a brighter future. At Roxamore, we have taken notice that only few high school star athletes get scholarship offers and those who may have great potential are over looked. With this combine we will level the playing field by providing all athletes with the opportunity to showcase their talents. We hope you can be a part of this athletic event since it will be open to the public. Our media and profile day will be on Thursday May 2, 2024, at 5pm and 7pm at the George K Cupples Stadium which we will have guest speakers and sponsors who have contributed to this event.
